Volume XXVIII Issue 5

May 25 Meeting - Crawfish Boil & General Membership meeting 1:00 PM

10062 Hereford Road, Folsom, LA 70437

****Happy Mother's Day****

From the President's shop...

We had a good turnout at the April meeting at Phil's Marina Café and the food was great. But, having no private room, it was NOT conducive to holding a meeting. I thank all who attended and hope that maybe the crawfish boil at the Lambert Ranch will be better for holding a meeting (I'm thinking beer makes everything better).

On a different topic, the 2024 Louisiana Tour held May 3rd -5th is history and was attended by ten of our club members. Friday's drive up began as a rainy day, but by the time the sun came up on Saturday morning it was a good day for a drive. Our compliments to the CENLA chapter of AACA from Alexandria, Louisiana for putting on this nice event! Our attending members could tell it was a "total club effort". Having stated that, it is only 357 days until our club will host the Louisiana Tour May 2nd - 4th 2025. Our Treasurer, Charles Kihnel and I met with two representatives of the Tangipahoa Parish Office of Tourism on May 8th to discuss the basic layout of our tour. They will be contacting the area hotels and checking on the availability of meeting rooms and food service in the hotel to see if we can duplicate the success of the Houma (2023) and CENLA (2024) tours by having all amenities at one location. If not, then we still have a success plan, and pray for good weather!

Just remember we do have a SPARK program (Support Personnel and Restoration Kickstart) to get our old cars back on the road!

Finally, I want everyone to keep Judy Larmeu in your thoughts and prayers as she is battling leukemia.

Jack

Minutes of the Horseless Carriage Club Meeting
Saturday, April 27 2024

Jack called the meeting to order at 1:00 pm. Everyone stood as Gil led the pledge of allegiance, followed by Bruce leading the prayer. Jack thanked all the members and guests in attendance today, including the two longest tenured members, Sue Wade and Clark Round. We have 19 HCC members and 3 guests. Jack asked if any changes were needed to the February meeting minutes printed in the March Kar Kapers. Tim Fandal commented there was an error in the minutes and that he was the sponsor for Andrew and Beth Deis. Bruce acknowledged the revisions will be made. Charlie made a motion to accept the revised minutes, which Paul seconded. There was a show of hands, and the motion carried.

Charles presented his treasurer’s report. Bruce made the motion, and Tim F. seconded the motion to accept the treasurer’s report as presented. The vote was taken; the motion carried.

Jack discussed the upcoming Louisiana Tour sponsored by the CENLA Chapter of AACA and encouraged members to attend. In 2025, the HCC will be hosting the tour, so a good showing would be appreciated!

Clark Round mentioned he has parts of a 1914 Model T that he wants to sell.

We did not conduct a 50/50 raffle today. Since it was difficult to hear one another in the room to conduct business, Jack moved to adjourn. Bruce and Cristy made the motions, closing the meeting at 2:31 p.m.

Submitted, Bruce Lambert

10 Ice Cream Fun Facts

- ~More than 90% of US households purchase ice cream.
- ~The ice cream industry generates more than \$21 billion in annual sales.
- ~Americans consumed about 1.53 billion gallons of ice cream and frozen products in 2011.
- ~On average, people in the US eat 48 pints of ice cream per person, per year. This is more than any other country.
- ~According to a survey of ice cream retailers, vanilla is by far the most popular flavor sold in the US, accounting for 20-29% of sales. Chocolate is a distant second.
- ~80% of the world's vanilla beans used for ice cream are grown in Madagascar.
- ~It takes 12 pounds of milk to make 1 gallon of ice cream.
- ~Ice cream became popular in the the US after the American Revolution. Thomas Jefferson served as US Ambassador in France and was very fond of it. In fact, the Library of Congress has a recipe for vanilla ice cream that was hand written by Jefferson!
- ~Immigrants at Ellis Island were given vanilla ice cream as part of their "Welcome to America" meal.
- ~The ice cream cone was reportedly invented during the 1904 World's Fair in St. Louis when an ice cream vendor ran out of bowls and teamed up with a waffle vendor to make cones.

THE AACA LOUISIANA TOUR

The annual AACA Louisiana Region Tour, hosted by the CENLA Chapter, was held in Vidalia on May 3-5. Rain interrupted the Friday bus tour, so everyone scattered

to tour regional events, including a stop at local museums, window shopping in downtown Natchez, and sampling some local wines. The hotel overlooked the Mississippi River and Natchez, with several of the river cruises in port at the time.

The next day, everyone drove to the Double C Ranch. It was a pleasant drive to get to the venue on sun-dappled roads. After a few introductions, the tour was split into two groups, as one group learned how

to throw an axe while the other group learned how to shoot a bow and arrow. After lunch, we were given a

demonstration of various skills, such as roping, training a horse to trust its handler, and

impressive standing on a tire—some actual horsepower on display. The final talk was a demonstration of how to use drones for agricultural purposes. Overall, it was a very relaxing day out in the country.

The closing banquet at the host hotel was a delightful affair filled with laughter and camaraderie. We enjoyed a sumptuous buffet meal, followed by the much-anticipated awards presentations. The atmosphere was electric as we drew names for over 60 door prizes and a 50/50 raffle. Congratulations to Cheryl and Jack Wade, who walked away with the "Best of Show" award, adding to the joy of the evening.

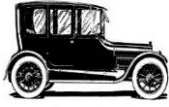

After a delicious breakfast and the "see you next year" among the group, everyone departed for home.

During the event, we discussed the 2025 Tour. There is a lot of planning and work, but we look forward to a great tour next spring.
