## From the President's shop...

The first thing I need to do is to thank the Lambert's and crew for a job well on the club's annual crawfish boil! There was a good turnout, the fellowship was great and the crawfish were hot! There was a breeze blowing and shade under the Lamberts' huge oak trees. There was even more food than we all could eat!

But I owe every club member an apology, and I don't like to admit that I made a mistake, but I do apologize and I did make a mistake! The crawfish boil at the Lambert Ranch was supposed to include a General Membership Meeting, which I didn't do! I think I should be fired! But I did drive our 1925 Model T to the event! And I did give a number of people rides in the Model T! And the Model T got us back home with little to no problems! But I forgot to hold the meeting. Oh well, we'll have the meeting this month, which is why there is no minutes this newsletter.

As for other club business, we continue to make progress on planning the 2025 Louisiana Tour. Yes, several members are working to get the tour planned and hope to have the lodging and several of the Saturday activities confirmed in the near future. We're going to need you to get your antique / classic / vintage / old cars going and somewhat roadworthy and you only have 11 months to get it done. It's not too late. We need to have more than two antique / classic / vintage / old cars from our club participate in our 2025 tour and I want you to get yours in gear!

In the meantime, just keep on wrenching! Jack

# CRAWFISH BOIL

We had a great time at the Crawfish boil. While it was a little warm, we had a good time and everyone had enough to eat! It was nice seeing a few cars, and I hope enjoyed their day in the country! Thanks to the Lamberts to hosting this year!
